

SG900 Suggested Specification:

The security grille shall be the Tuttle & Bailey SG900 minimum security lattice or perforated face plate. The face shall be constructed of 1/8" aluminum with 13/16" x 13/16" square holes on 1" centers (SG900L) or 5/16" diameter holes on 7/16" staggered centers (SG900P). The face shall be provided with screw holes for surface mounting. An optional front or rear operated aluminum opposed blade damper shall be welded to a 1" sleeve.

Accessory Options:

The grille shall provide an optional aluminum plaster frame (A45).

The paint finish shall be Tuttle & Bailey White (WH). The finish shall be an anodic acrylic paint, baked at 315°F for 30 minutes
