

SDBS Suggested Specification:

The security duct barrier shall be the Tuttle & Bailey SDBS security duct bars with sleeve. The duct barrier shall be constructed of 3/4" diameter round solid steel horizontal and vertical bars with a maximum of 6" centers. The bars shall be welded to the sleeve and the sleeve shall be stitchwelded along the seams. Two steel angle frames, 1-1/2"x 1-1/2" x 3/16", shall be shipped loose and unpainted for field mounting.

The paint finish shall be Tuttle & Bailey White (WH). The finish shall be an anodic acrylic paint, baked at 315°F for 30 minutes.
