06-08	88" & ABOVE			5" x 18"
10-12	88" & ABOVE			5" x 22"

To select using the charts above: locate the appropriate model in the Short 79" Cabinet chart. Then, follow the row across to locate the clear height. Under Type of Installation, read the Slot size. If your clear height is lower than listed or is not recommended (NR) in the Short 79" Cabinet chart, please contact the factory.

	88"			

Notes:

1. CLEAR HEIGHT is the dimension from the floor to the ceiling.
2. The above charts allow one inch tolerance in clear height to allow for variance in floor to floor dimensions.
3. The block-out lengths shown are for risers up to 1-1/2 inches in diameter. Add 1 inch to length of block-out for risers up to 2-1/2 inches in diameter.
4. If the block-out length is greater than or equal to the cabinet width it will be necessary to cover the exposed block-out area.
