

AIRFOIL SUPPLY GRILLES

AV/AVS

The AV and AVS supply grilles and registers are recommended for applications requiring noise reduction. They have individually adjustable, aerodynamically-shaped blades, and are available with front horizontal or front vertical blades. The grilles offer single and double deflection with 3/4" blade spacing.

FEATURES

- The AVS has steel margins with extruded aluminum blades
- The AV is an all aluminum construction
- Horizontal and vertical blades
- Surface mount border style
- Countersunk screw holes

Available Sizes in One Piece	
Minimum	Maximum
6x4	48x48

Product available in one inch increments of width and height. Sizes greater than maximum width or height are built in multiple sections. Adjacent margins are full sized for extra strength. Product dimensions are factory adjusted to ensure a correct fit.

Accessories

- Optional aluminum or steel opposed blade damper with screwdriver operator
- Insect screen, 1/16" mesh
- Debris screen, 1/4" mesh
- Earthquake tabs
- Aluminum or steel mounting frame
