

NOTES:

1. All dimensions in Inches [millimeters]. All dimensions $\pm 1/4"$ [6mm].
2. Left Hand unit shown, Right Hand unit opposite.
3. Standard Electrical Enclosure is integrated into unit side. Includes (4) knockouts on (2) sides. Provide sufficient clearance to access electrical controls and comply with applicable codes and ordinances.
4. NEC clearance can be from the bottom or side of the unit. When using side access, 9" of bottom clearance recommended to access optional electrical disconnect and EC motor control.
