

PRODUCT FEATURES

DS360

OVERVIEW

The DS360 is a round freestanding circular displacement diffuser designed for floor mounted applications. It provides a 360° air distribution discharge pattern. The DS360 is designed to supply a large volume of air at low velocity into the occupied space and works well in lobbies, airports and restaurants.

This model can contribute toward achieving LEED EA Credit 1: Optimize Energy Performance; IEQc2: Increased Ventilation; and IEQc7.1: Thermal Comfort - Design.

FEATURES

- Circular displacement diffuser with 360B air discharge pattern for floor installation
- Designed to supply a large volume of air at low velocity to the occupied zone
- Includes air volume measurement outlet to facilitate balancing. K-factor is marked on outlet.
- Material is galvanized steel and aluminum
- Standard finish is WH white (powdercoat)
- Mounting base and telescopic duct cover available as accessories
